d) Durata minimă de funcționare, apreciată corespunzător destinației / funcțiunilor propuse:

Durata minimă de funcționare a sistemului Wi-Fi propus este de 24 de ore / 7 zile pe săptămână.

e) Nevoi / solicitări funcționale specifice:

- Se va asigura că punctele de acces finanțate cu un voucher WiFi4EU difuzează numai SSID-ul WiFi4EU și că obligațiile prevăzute la Punctul I.4 (acordul de grant) se aplică în totalitate.
- Beneficiarul se va asigura că rețeaua WiFi4EU cu SSID WiFi4EU este o rețea deschisă, în sensul că nu are nevoie de niciun fel de informații de autentificare (cum ar fi utilizarea unei parole) pentru conectarea la aceasta. Odată ce utilizatorul se conectează la aceasta, beneficiarul se va asigura că rețeaua WiFi4EU cu SSID WiFi4EU prezintă un portal captiv https înainte de a autoriza utilizatorul să se conecteze la internet.
- Cu excepția cazului în care legislația națională impune astfel, în conformitate cu legislația Uniunii, conexiunea la internet prin intermediul SSID-ului WiFi4EU nu va necesita nicio înregistrare sau autentificare în portalul captiv și va fi finalizată printr-un buton "un singur clic pentru conectare" din portalul captiv.
- Beneficiarul poate difuza un SSID suplimentar pentru conexiunile securizate în mod corespunzător menționate la Punctul I.5.2 (acordul de grant) de la începutul Fazei I și pe răspunderea sa. De asemenea, beneficiarul poate difuza un SSID suplimentar cu condiția ca acesta să fie limitat la utilizarea internă a beneficiarului și să nu afecteze în mod nejustificat calitatea serviciilor oferite publicului. În ambele cazuri, beneficiarul trebuie să diferențieze în mod corespunzător aceste SSID-uri de SSID-ul deschis WiFi4EU și să se asigure că obligațiile prevăzute la Punctele I.3 și I.4 (acordul de grant) se aplică în totalitate.
- Pentru punctele de acces nefinanțate de voucherul WiFi4EU, beneficiarul poate difuza, de asemenea, SSID-ul WiFi4EU (ca singurul SSID sau în paralel cu SSID-ul său local existent). Beneficiarul se va asigura că, cel puțin pentru utilizatorii finali care se conectează la SSID-ul WiFi4EU, obligațiile stipulate la Punctul I.3, I.4 și în acest Punct I.5 (acordul de grant) se aplică în totalitate.

Faza I: Înregistrarea, autentificarea, autorizarea și contabilizarea utilizatorilor este responsabilitatea fiecărui beneficiar, în conformitate cu legislația UE și cu cea națională. Beneficiarul trebuie să asigure respectarea următoarelor cerințe pentru portalul captiv în SSID-ul WiFi4EU:

1. Rețeaua WiFi4EU cu SSID WiFi4EU va utiliza un portal captiv HTTPS pentru interfața cu utilizatorii. Portalul captiv va stabili o perioadă de recunoaștere automată a utilizatorilor conectați anterior, astfel încât portalul captiv să nu fie prezentat din nou la reconectare. Această perioadă se va reseta automat în fiecare zi la ora 00:00 sau cel puțin va fi setată pentru maximum 12 ore.
2. Numele de domeniu asociat portalului captiv https va fi clasic (non-IDN), constând din caractere de la a la z, cifre de la 0 la 9, cratimă (-).
3. Identitate vizuală: portalul captiv va include identitatea vizuală WiFi4EU.
4. Portalul captiv trebuie să încorporeze un fragment de cod de urmărire (tracking snippet), pentru ca Agenția să poată monitoriza de la distanță rețeaua WiFi4EU. Ghidul de instalare a fragmentului de cod de urmărire este disponibil la următorul link: <https://ec.europa.eu/inea/en/connecting-europe-facility/ceftelecom/wifi4eu>. Fragmentul de cod de urmărire nu va colecta niciun fel de date cu caracter personal. Acesta va servi la contorizarea numărului de utilizatori care se conectează la rețeaua WiFi4EU, va încărca identitatea vizuală a WiFi4EU și va verifica dacă aceasta este afișată corect.
5. Portalul captiv va include o declarație de declinare a responsabilității care informează în mod clar utilizatorii despre faptul că WiFi4EU este o rețea deschisă publicului. Declarația de declinare a responsabilității ar trebui să includă, de asemenea, recomandările de precauție care sunt prevăzute de obicei atunci când se accesează internetul prin intermediul unor astfel de rețele.
 - Beneficiarul are dreptul să configureze rețele WiFi4EU distincte finanțate prin același voucher, fiecare dintre ele cu un nume de domeniu diferit și cu un portal captiv diferit. Obligația din Articolul 9 de a menține rețeaua WiFi4EU activă pentru o perioadă de 3 ani după verificarea de către Agenție se aplică tuturor acestor rețele WiFi4EU finanțate prin același voucher.
 - Faza I se aplică până în momentul în care beneficiarul primește o notificare potrivit căreia Faza II a fost activată. Odată notificat, beneficiarul va avea obligația, în temeiul Articolului 9, să ajusteze configurația rețelei în conformitate cu cerințele stabilite la Punctul I.5 detaliate în mod suplimentar în notificare, în intervalul de timp care va fi indicat în aceasta.

Faza II: Într-o etapă ulterioară, o soluție de autentificare securizată și de monitorizare va fi stabilită la nivel UE, având posibilitatea de a evolua într-o arhitectură federalizată.

- În conformitate cu Articolul 9, odată ce soluția de autentificare securizată și de monitorizare este operațională, beneficiarul își va reconfigura rețeaua (rețelele) WiFi4EU pentru a o (le) conecta la această soluție. Această reconfigurare va include menținerea SSID-ului WiFi4EU deschis utilizând portalul captiv, adăugarea unui SSID WiFi4EU suplimentar pentru conexiuni securizate în mod adecvat (fie prin schimbarea sistemului său securizat existent local cu cel comun, fie pur și simplu prin adăugarea celui comun ca un al treilea SSID) și asigurarea faptului că soluția poate monitoriza rețelele WiFi4EU la nivel de punct de acces.

- Înregistrarea și autentificarea utilizatorilor pentru SSID-ul WiFi4EU deschis și pentru SSID-ul local pentru conexiuni securizate, în cazul în care acesta există, precum și autorizarea și contabilizarea utilizatorilor pentru toate SSID-urile rămân responsabilitatea fiecărui beneficiar, în conformitate cu legislația UE și cu cea națională.

Și alte cerințe prevăzute în *Acordul de Grant Nr. INEA/CEF/WiFi4EU / 1-2018/007134 – 009609*, atasat prezentului document.

- f) **Corelarea soluțiilor tehnice cu condiționările urbanistice, de protecție a mediului și a patrimoniului:** Dacă este cazul, conform Aviz Mediu.
- g) **Stabilirea unor criterii clare în vederea soluționării nevoilor beneficiarului:** creșterea gradului de confort al cetățeanului în preajma piețelor publice, parcurilor, locurilor de joacă și de recreere, parcurilor publice și altor zone intens circulate.
- *Verificarea în teren a fiecărui Wi-Fi montat* - mod de prindere, alimentare, caracteristici - raportate la cerințele prezentei teme de proiectare.
 - *Verificarea în vederea înțelegerii sistemului existent* - acolo unde este cazul.
 - *Verificarea punctelor existente și propuse pentru sistemul Wi-Fi* – după parcurgerea tuturor punctelor pentru care se dorește a fi cuprins în sistem, proiectantul va dimensiona și propune necesarul de dotare pentru fiecare punct din cele propuse.
 - *După calculul numărului și a tipului de Wi-Fi se va stabili inventarul pe fiecare punct* - Wi-Fi vor fi fixe, sistemul va fi antivandal și rezistent la intemperii.
 - *Proiectantul, pentru fiecare Wi-Fi va stabili locul și modul de fixare* - în canalizațiile existente în unele puncte (cu acceptul beneficiarilor), pe stâlpi existenți, sau vor prevedea stâlpi noi, etc.. Se vor evidenția pentru stâlpii noi modul de fundare, dimensiunile acestora, materialul, etc..
 - *Alimentarea cu energie electrică a fiecărui Wi-Fi* - se va descrie modul de alimentare a acestora (dacă se alimentează până la firidă sau individual/panouri solare).

Mențiuni importante:

- Revine în sarcina proiectantului cuprinderea în cadrul devizului și a costurilor aferente bransamentelor electrice pentru alimentare cu energie electrică a fiecărei punct - inclusiv contorizarea.

- Distinct se vor evidenția 10 puncte Wi-Fi conform acordului de grant în care se vor specifica clar costurile pentru instalarea acestora, echipamentele, documentația necesară, etc., în conformitate cu acordul de Grant Nr. INEA/CEF/WiFi4EU/1-2018/007134-009609.

- Se vor cuprinde cheltuieli cu bransarea/racordarea curentului electric.
- Proiectantul va analiza fiecare propunere de punct astfel încât să nu deranjeze proprietățile private.
- Se vor asigura serviciile necesare conectării tuturor punctelor prin utilizarea infrastructurii de comunicații a integratorului de soluție.
- În vederea asigurării unei fiabilități ridicate a canalelor de comunicații, a unei responsabilități unice și a unui management unitar a întregii soluții, se va opera rețeaua de comunicații proprie a integratorului de soluție atât la nivelul infrastructurii cât și al accesului la utilizatori.
- Soluția va fi una scalabilă, și va permite integrarea serviciilor / aplicațiilor menite să eficientizeze activitatea autorității contractante și să crească gradul de confort a cetățeanului. Se vor oferi servicii de securitate și analiză a datelor generate de fluxurile de hotspot-urile Wi-Fi publice.
- Se va acorda o importanță deosebită securității cibernetice, a securității informației și a protecției informațiilor cu caracter privat.

III. Recepția echipamentelor

Recepția echipamentelor se va face prin încheierea unui Proces-verbal de recepție.

Recepția se considera încheiată după instalarea echipamentelor și demonstrarea de către furnizor ca echipamentele sunt în stare de funcționare.

IV. Modalitati de plata

Plata se va efectua de catre Uniunea Europeana prin intermediul Agentiei Exclusive pentru Inovare si Retele, catre societatea care instaleaza reseaua WiFi, sub forma unei contributii forfetare (cupon valoric).

Cererea de plata este primita de Agentia Executiva pentru Inovare si Retele in momentul in care au fost depuse declaratiile contractantului/ beneficiarului care atesta faptul ca reseaua este conforma cu specificatiile tehnice si ca functioneaza.

V. Criteriul de atribuire a contractului

Criteriul aplicat pentru atribuirea contractului de achizitie publica este „cea mai avantajoasă ofertă tehnică” (durata mentenanta, numar echipamente, garantii echipamente), cu respectarea conditiilor specificate in prezentul caiet de sarcini si în Acordul Grant nr. INEA/CEF/WiFi4EU / 1-2018/007134 – 009609.

**ANNEX I
DESCRIPTION OF THE ACTION**

I.1. Scope and objectives

The WiFi4EU initiative is a support scheme for the provision of free Wi-Fi access in indoor or outdoor public spaces (e.g. public administrations premises, schools, libraries, health centres, museums, public parks and squares). This will bring communities more closely into the Digital Single Market, give users access to the Gigabit society, improve digital literacy and complement the public services provided in those spaces. WiFi4EU vouchers can be used to fund the installation of an entirely new public Wi-Fi network, to upgrade an existing public Wi-Fi network or to extend the coverage of an existing public Wi-Fi network. The installed network shall not duplicate existing free private or public offers of similar characteristics, including quality.

I.2. Technical requirements for the Wi-Fi equipment of the WiFi4EU network(s)

The beneficiary shall install a number of APs reflecting the value of the voucher in their market. In any event it shall install at a minimum the following number, depending on the combination of indoor and outdoor APs:

Minimum number of outdoor APs	Minimum number of indoor APs
10	0
9	2
8	3
7	5
6	6
5	8
4	9
3	11
2	12

1	14
0	15

The beneficiary shall ensure that **each AP**:

- Supports concurrent dual-band (2,4Ghz – 5Ghz) use;
- Has a support cycle superior to 5 years;
- Has a mean time between failure (MTBF) of at least 5 years;
- Has a dedicated and centralised single point of management at least for all APs of each WiFi4EU network;
- Supports IEEE 802.1x;
- Complies with IEEE 802.11ac Wave I;
- Supports IEEE 802.11r;
- Supports IEEE 802.11k;
- Supports IEEE 802.11v;
- Is able to handle at least 50 concurrent users without performance degradation;
- Has at least 2x2 multiple-input-multiple-output (MIMO);
- Complies with Hotspot 2.0 (Passpoint Wi-Fi Alliance certification program).

I.3. Quality of service requirements

In order to ensure that the WiFi4EU funded network is capable of providing a high quality user experience, the beneficiary shall subscribe to an offer equivalent to the highest speed available mass-market Internet connection in the area and in any event to one offering at least 30 Mbps download. The beneficiary shall also ensure that this backhaul speed is at least equivalent to that – if any – which is used by the beneficiary for its internal connectivity needs.

I.4. Obligations on charges, advertising and use of data

1. The beneficiary shall ensure that end-user access to the WiFi4EU network shall be free of charge, *i.e.* provided without corresponding remuneration whether by direct payment or by other types of consideration, notably free of commercial advertising, nor re-using personal data for commercial purposes.
2. The beneficiary shall ensure that end-user access by electronic communications network operators shall also be provided without discrimination, *i.e.* without prejudice to restrictions required under Union law, or under national law that complies with Union law, subject to the need to ensure a smooth functioning of the network and, in particular, the need to ensure a fair allocation of capacity between users at peak times.

3. Processing for statistical and analytical purposes may be regularly done in order to promote, monitor, or improve the functioning of the networks. For this purpose, any storage or processing of personal data shall be duly anonymised in accordance with the relevant Service Specific Privacy Statement(s).

I.5. Requirements for the configuration and connection of WiFi4EU network(s) to the EC monitoring solution

Subject to the fourth paragraph below, the beneficiary shall ensure that the access points funded with a WiFi4EU voucher only broadcast the WiFi4EU SSID and that the obligations as stipulated in Point I.4 fully apply.

The beneficiary shall ensure that the WiFi4EU network with WiFi4EU SSID is an open network in the sense that it does not require any kind of authentication information (such as the use of a password) to connect to it. Once the user connects to it, the beneficiary shall ensure that the WiFi4EU network with WiFi4EU SSID shows an https captive portal prior to authorising the user to connect to Internet.

Unless required by national legislation in compliance with Union law, the connection to the Internet through the WiFi4EU SSID shall not require any registration or authentication in the captive portal and shall be completed through a "one-click to connect" button in the captive portal.

The beneficiary may broadcast an additional SSID for appropriately secured connections referred to in Point I.5.2 from the start of Phase I and under its responsibility. The beneficiary may also broadcast an additional SSID provided it is limited to internal use of the beneficiary and does not unduly affect the quality of service offered to the public. In both these cases, the beneficiary shall appropriately differentiate such SSIDs from the WiFi4EU open SSID and ensure that the obligations as stipulated in Points I.3 and I.4 fully apply.

For access points not funded by the WiFi4EU voucher, the beneficiary may also broadcast the WiFi4EU SSID (as the only SSID or in parallel to their existing local SSID). The beneficiary shall ensure that at least for end-users connecting to the WiFi4EU SSID, the obligations as stipulated in Point I.3, I.4 and in the present I.5 fully apply.

The connection to the EC monitoring solution shall be implemented following a two – phase approach.

I.5.1. Phase I

The registration, authentication, authorisation and accounting of users is the responsibility of each beneficiary in compliance with EU and national law.

The beneficiary shall ensure compliance with the following requirements for the captive portal in the WiFi4EU SSID:

- The WiFi4EU network with WiFi4EU SSID shall use an HTTPS captive portal for the interface with the users.

The captive portal shall establish a period for automatic recognition of previously connected users, so that the captive portal is not shown again at reconnection. This period shall be automatically reset every day at 00:00 or at least be set up for a maximum of 12 hours.

- The domain name associated with the https captive portal shall be classic (non-IDN), consisting of characters a to z, digits 0 through 9, hyphen (-).
- Visual identity: the captive portal shall include the WiFi4EU visual identity.
- The captive portal shall embed a tracking snippet for the Agency to be able to remotely monitor the WiFi4EU network.

The snippet installation guideline is available at the following link: <https://ec.europa.eu/inea/en/connecting-europe-facility/cef-telecom/wifi4eu>. The snippet will not collect any personal data. It will serve to count the number of users connecting to the WiFi4EU network, load the visual identity of WiFi4EU and check that it is displayed properly.

- The captive portal shall include a disclaimer clearly informing the users of the fact that WiFi4EU is a public open network. The disclaimer should also include the precautionary recommendations that are usually provided when accessing the Internet via such networks.

The beneficiary is entitled to set up distinct WiFi4EU networks funded by the same voucher, each of them with a different domain name and a different captive portal. The obligation pursuant to Article 9 to maintain the WiFi4EU network active for a period of 3 years after the verification by the Agency applies to all such WiFi4EU networks funded by the same voucher.

Phase I is applicable until the beneficiary receives a notification that Phase II has been activated. Once notified, the beneficiary will have the obligation pursuant to Article 9, to adjust the configuration of the network in accordance with the requirements set out under Point I.5 as further detailed in the notification, within the timeframe that will be indicated therein.

I.5.2. Phase II

At a later stage, a secured authentication and monitoring solution will be set up at EU level and will have the possibility of evolving into a federated architecture.

Pursuant to Article 9, once the secured authentication and monitoring solution is operational, the beneficiary shall reconfigure its WiFi4EU network(s) in order to connect them to this solution. This reconfiguration will include maintaining the open WiFi4EU SSID using the captive portal, adding an additional WiFi4EU SSID for appropriately secured connections (either by changing its existing local based secured system for the common one or simply by adding the common one as a third SSID) and ensuring that the solution can monitor the WiFi4EU networks at the access point level.

The registration and authentication of users for the open WiFi4EU SSID and for the local based SSID for secured connections where it exists, as well as the authorisation and

accounting of users for all SSIDs remains the responsibility of each beneficiary in compliance with EU and national law.

ARTICLE II.2 – COMMUNICATIONS BETWEEN THE PARTIES

II.2.1 Form and means of communications

Any communication relating to the Agreement or to its implementation shall be made in writing (in paper or electronic form), shall bear the number of the Agreement and shall be made using the communication details identified in Article 6.

Formal notifications shall be made by registered mail with return receipt or equivalent, or by electronic mail, which provides the sender with compelling evidence that the message was delivered to the specified recipient.

II.2.2 Date of communications

Any communication is deemed to have been made when it is received by the receiving party, unless the agreement refers to the date when the communication was sent.

Electronic communication is deemed to have been received by the receiving party on the day of successful dispatch of that communication, provided that it is sent to the addressees listed in Article 6. Dispatch shall be deemed unsuccessful if the sending party receives a message of non-delivery. In this case, the sending party shall immediately send again such communication to any of the other addresses listed in Article 6. In case of unsuccessful dispatch, the sending party shall not be held in breach of its obligation to send such communication within a specified deadline.

Mail sent to the Agency using the postal services is considered to have been received by the Agency on the date on which it is registered by the department identified in Article 6.2.

Formal notifications made by registered mail with return receipt or equivalent, or by equivalent electronic means, shall be considered to have been received by the receiving party on the date of receipt indicated on the return receipt or equivalent.

ARTICLE II.3 – LIABILITY FOR DAMAGES

II.3.1 The Agency shall not be held liable for any damage caused or sustained by any of the beneficiaries, including any damage caused to third parties as a consequence of or during the implementation of the action.

II.3.2 Except in cases of force majeure, the beneficiaries shall compensate the Agency for any damage sustained by it as a result of the implementation of the action or because the action was not implemented in full compliance with the Agreement.

ARTICLE II.4 - CONFLICT OF INTERESTS

II.4.1 The beneficiaries shall take all necessary measures to prevent any situation where the impartial and objective implementation of the Agreement is compromised for reasons involving economic interest, political or national affinity, family or emotional life or any other shared interest with the Agency, or any third party related to the subject matter of the Agreement (“conflict of interests”).

II.4.2 Any situation constituting or likely to lead to a conflict of interests during the implementation of the Agreement shall be notified to the Agency, in writing, without delay. The beneficiaries shall immediately take all the necessary steps to rectify this situation. The Agency reserves the right to verify that the measures taken are appropriate and may require additional measures to be taken within a specified deadline.

ARTICLE II.5 – CONFIDENTIALITY

II.5.1 The Agency and the beneficiaries shall preserve the confidentiality of any information and documents, in any form, which are disclosed in writing or orally in relation to the implementation of the Agreement and which are explicitly indicated in writing as confidential. It does not include information that is publicly available.

II.5.2 The Agency and the beneficiaries shall not use confidential information and documents for any reason other than fulfilling their obligations under the Agreement, unless otherwise agreed with the other party in writing.

II.5.3 The Agency and the beneficiaries shall be bound by the obligations referred to in Articles II.5.1 and II.5.2 during the implementation of the Agreement and for a period of five years starting from the payment of the balance, unless:

- (a) the party concerned agrees to release the other party from the confidentiality obligations earlier;
- (b) the confidential information or documents become public through other means than a breach of the confidentiality obligations;
- (c) the disclosure of the confidential information or documents is required by law.

ARTICLE II.6 – PROCESSING OF PERSONAL DATA

II.6.1 Processing of personal data by the Agency

Any personal data included in the Agreement shall be processed by the Agency pursuant to Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data.

Such data shall be processed by the data controller identified in Article 6.1 solely for the purposes of the implementation, management and monitoring of the Agreement or to protect the financial interests of the EU, including checks, audits and investigations in accordance with Article II.27.

The beneficiaries shall have the right of access to their personal data and the right to rectify any such data. Should the beneficiaries have any queries concerning the processing of their personal data, they shall address them to the data controller, identified in Article 6.1.

The beneficiaries shall have the right of recourse at any time to the European Data Protection Supervisor.

II.6.2 Processing of personal data by the beneficiaries

The beneficiaries must process personal data under the Agreement in compliance with applicable EU and national law on data protection (including authorisations or notification requirements).

The access to data that the beneficiaries grant to their personnel shall be limited to the extent strictly necessary for the implementation, management and monitoring of the Agreement.

The beneficiaries undertake to adopt appropriate technical and organisational security measures having regard to the risks inherent in the processing and to the nature of the personal data concerned, in order to:

- (a) prevent any unauthorised person from gaining access to computer systems processing personal data, and especially:
 - (i) unauthorised reading, copying, alteration or removal of storage media;

- (ii) unauthorised data input as well as any unauthorised disclosure, alteration or erasure of stored personal data;

ARTICLE II.7 – VISIBILITY OF UNION FUNDING

II.7.1 Information on Union funding and use of European Union emblem

Unless the Agency requests or agrees otherwise, any communication or publication related to the action, made by the beneficiaries jointly or individually, including at conferences, seminars or in any information or promotional materials (such as brochures, leaflets, posters, presentations, etc.), shall indicate that the action has received funding from the Union and shall display the European Union emblem.

When displayed in association with another logo, the European Union emblem must have appropriate prominence.

The obligation to display the European Union emblem does not confer to the beneficiaries a right of exclusive use. The beneficiaries shall not appropriate the European Union emblem or any similar trademark or logo, either by registration or by any other means.

For the purposes of the first, second and third subparagraphs and under the conditions specified therein, the beneficiaries are exempted from the obligation to obtain prior permission from the Agency to use the European Union emblem.

II.7.2 Disclaimers excluding Agency responsibility

Any communication or publication related to the action, made by the beneficiaries jointly or individually in any form and using any means, shall indicate that it reflects only the author's view and that the Agency is not responsible for any use that may be made of the information

it contains.

ARTICLE II.8 – PRE-EXISTING RIGHTS AND OWNERSHIP AND USE OF THE RESULTS (INCLUDING INTELLECTUAL AND INDUSTRIAL PROPERTY RIGHTS)

II.8.1 Ownership of the results by the beneficiaries

Unless stipulated otherwise in the Agreement, ownership of the results of the action, including industrial and intellectual property rights, and of the reports and other documents relating to it, shall be vested in the beneficiaries.

II.8.2 Pre-existing rights

Pre-existing material is any materials, document, technology or know-how which exists prior to the beneficiary using it for the production of a result in the implementation of the action. Pre-existing right is any industrial and intellectual property right on pre-existing material; it may consist in a right of ownership, a licence right and/or a right of use belonging to the beneficiary or any other third parties.

If the Agency sends the beneficiaries a written request specifying which of the results it intends to use, the beneficiaries must:

- (a) establish a list specifying all pre-existing rights included in those results; and
- (b) provide this list to the Agency at the latest with the request for payment of the balance.

The beneficiaries shall ensure that they or their affiliated entities have all the rights to use any pre-existing rights during the implementation of the Agreement.

II.8.3 Rights of use of the results and of pre-existing rights by the Agency

The beneficiaries grant the Agency the following rights to use the results of the action:

- (a) for its own purposes, and in particular, to make available to persons working for the Agency, Union institutions, other Union agencies and bodies and to Member States' institutions, as well as to copy and reproduce in whole or in part and in an unlimited number of copies;
- (b) reproduction: the right to authorise direct or indirect, temporary or permanent reproduction of the results by any means (mechanical, digital or other) and in any form, in whole or in part;
- (c) communication to the public: the right to authorise any display performance or communication to the public, by wire or wireless means, including making the results

available to the public in such a way that members of the public may access them from a place and at a time individually chosen by them; this right also includes communication and broadcasting by cable or by satellite;

- (d) distribution: the right to authorise any form of distribution of results or copies of the results to the public;
- (e) adaptation: the right to modify the results;
- (f) translation;
- (g) the right to store and archive the results in line with the document management rules applicable to the Agency, including digitalisation or converting the format for preservation or new use purposes;
- (h) where the results are documents, the right to authorise the reuse of the documents in conformity with Commission Decision 2011/833/EU of 12 December 2011 on the reuse of Commission documents if that Decision is applicable and if the documents fall within its scope and are not excluded by any of its provisions. For the sake of this provision, the terms 'reuse' and 'document' have the meanings given to them by Decision 2011/833/EU.

Additional rights of use for the Agency may be provided for in the Special Conditions.

The beneficiaries shall warrant that the Agency has the right to use any pre-existing rights, which have been included in the results of the action. Unless specified otherwise in the Special Conditions, those pre-existing rights shall be used for the same purposes and under the same conditions applicable to the rights of use of the results of the action.

Information about the copyright owner shall be inserted when the result is divulged by the Agency. The copyright information shall read: "© – [year] – [name of the copyright owner]. All rights reserved. Licenced to the Innovation and Networks Executive Agency under conditions".

If the beneficiaries grant rights of use to the Agency, this does not affect their confidentiality obligations under Article II.5 or the beneficiaries' obligations under Article II.1.

ARTICLE II.9 – AWARD OF CONTRACTS NECESSARY FOR THE IMPLEMENTATION OF THE ACTION

II.9.1 Where the implementation of the action requires the procurement of goods, works or services, the beneficiaries shall award the contract to the tender offering best value for money or, as appropriate, to the tender offering the lowest price. In doing so, they shall avoid any conflict of interests.

The beneficiaries shall ensure that the Agency, the Commission, the European Anti-Fraud Office (OLAF) and the European Court of Auditors may exercise their rights

under Article II.27 also towards the contractor.

II.9.2 Beneficiaries acting in their capacity of 'contracting authorities' within the meaning of Directive 2004/18/EC¹ or Directive 2014/24/EU² or any previous applicable Union legislation or 'contracting entities' within the meaning of Directive 2004/17/EC³ or Directive 2014/25/EU⁴ or any previous applicable Union legislation must comply with the applicable national public procurement rules.

II.9.3 The beneficiaries shall retain sole responsibility for carrying out the action and for compliance with the provisions of the Agreement. The beneficiaries shall ensure that any procurement contract contains provisions stipulating that the contractor has no rights vis-à-vis the Agency under the Agreement.

II.9.4 The beneficiaries shall ensure that the conditions applicable to them under Articles II.3, II.4, II.5 and II.8 are also applicable to the contractor.

II.9.5 Where, in accordance with Article 3, the grant takes the form of the reimbursement of eligible costs:

- If a beneficiary breaches any of its obligations under Article II.9.1, the costs related to the contract concerned shall be ineligible;
- If a beneficiary breaches any of its obligations under Article II.9.2, II.9.3 or II.9.4, the grant may be reduced in proportion to the seriousness of the breach of obligations.

Where, in accordance with Article 3 the grant takes the form of a unit, lump sum or flat-rate contribution, if a beneficiary breaches any of its obligations under Article II.9.1, II.9.2, II.9.3 or II.9.4, the grant may be reduced in proportion to the seriousness of the breach of obligations.

ARTICLE II.10 – SUBCONTRACTING OF TASKS FORMING PART OF THE ACTION

Not applicable

ARTICLE II.11 - FINANCIAL SUPPORT TO THIRD PARTIES

Not applicable

ARTICLE II.12 – AMENDMENTS TO THE AGREEMENT

II.12.1 Any amendment to the Agreement shall be made in writing.

II.12.2 An amendment may not have the purpose or the effect of making changes to the Agreement which would call into question the decision awarding the grant or be contrary to the equal treatment of applicants.

II.12.3 Any request for amendment shall be duly justified, be accompanied by appropriate supporting documents and shall be sent to the other party in due time before it is due to take effect, and in any case three months before the end of the period set out in Article 2.2, except in cases duly substantiated by the party requesting the amendment and accepted by the other party.

II.12.4 A request for amendment shall be jointly submitted by all the beneficiaries or shall be submitted by a beneficiary acting on behalf of all beneficiaries.

II.12.5 Amendments shall enter into force on the date on which the last party signs or on the date of approval of the request for amendment.

Amendments shall take effect on a date agreed by the parties or, in the absence of such an agreed date, on the date on which the amendment enters into force.

ARTICLE II.13 – ASSIGNMENT OF CLAIMS FOR PAYMENTS TO THIRD PARTIES

II.13.1 Claims for payments of the beneficiaries against the Agency may not be assigned to third parties, except in duly justified cases where the situation warrants it.

The assignment shall only be enforceable against the Agency if it has accepted the assignment on the basis of a written and reasoned request to that effect made by the beneficiary requesting the assignment.

In the absence of such an acceptance, or in the event of failure to observe the terms thereof, the assignment shall have no effect on the Agency.

II.13.2 In no circumstances shall such an assignment release the beneficiaries from their obligations towards the Agency.

ARTICLE II.14 – FORCE MAJEURE

II.14.1 "*Force majeure*" shall mean any unforeseeable, exceptional situation or event beyond the parties' control, which prevents either of them from fulfilling any of their obligations under the Agreement, which was not attributable to error or negligence on their part or on the part of subcontractors, affiliated entities, implementing bodies or third parties in receipt of financial support and which proves to be inevitable in spite of exercising due diligence. Any default of a service, defect in equipment or material or delays in making them available, as well as labour disputes, strikes or financial difficulties cannot be invoked as *force majeure*, unless they stem directly from a relevant case of *force majeure*.

II.14.2 A party faced with *force majeure* shall formally notify the other party without delay, stating the nature of the situation or of the event, its likely duration and foreseeable effects.

II.14.3 The parties shall take the necessary measures to limit any damage due to *force majeure*. They shall do their best to resume the implementation of the action as soon as possible.

II.14.4 The party faced with *force majeure* shall not be held to be in breach of its obligations under the Agreement if it has been prevented from fulfilling them by *force majeure*.

ARTICLE II.15 – SUSPENSION OF THE IMPLEMENTATION OF THE ACTION

II.15.1 Suspension of the implementation by the beneficiaries

The beneficiaries, acting jointly, or a beneficiary, acting on behalf of all beneficiaries, may suspend the implementation of the action or any part thereof, if exceptional circumstances make such implementation impossible or excessively difficult, in particular in the event of *force majeure*. The beneficiaries, acting jointly, or a beneficiary, acting on behalf of all beneficiaries, shall inform the Agency without delay, giving the reasons for suspension, including details about the date or period when the exceptional circumstances occurred and the expected date of resumption.

Unless the Agreement or the participation of a beneficiary is terminated in accordance with Articles II.16.1, II.16.2 or points (c) or (d) of Article II.16.3.1, the beneficiaries acting jointly, or a beneficiary, acting on behalf of all beneficiaries, shall, once the circumstances allow resuming the implementation of the action, inform the Agency immediately and present a request for amendment of the Agreement as provided for in Article II.15.3.

II.15.2 Suspension of the implementation by the Agency

II.15.2.1 The Agency may suspend the implementation of the action or any part thereof:

- (a) if the Agency has evidence that a beneficiary has committed substantial errors, irregularities or fraud in the award procedure or in the implementation of the Agreement or if a beneficiary fails to comply with its obligations under the Agreement;
- (b) if the Agency has evidence that a beneficiary has committed systemic or recurrent errors, irregularities, fraud or serious breach of obligations under other grants funded by the Union or the European Atomic Energy Community which were awarded to that beneficiary under similar conditions, provided that those errors, irregularities, fraud or breach of obligations have a material impact on this grant;
- (c) if the Agency suspects substantial errors, irregularities, fraud or breach of obligations committed by a beneficiary in the award procedure or in the implementation of the Agreement and needs to verify whether they have actually occurred; *or*
- (d) following an evaluation of the progress of the project, in particular in the event of major delays in the implementation of the action

II.15.2.2 Before suspending the implementation the Agency shall formally notify all the beneficiaries of its intention to suspend, specifying the reasons thereof, and, in the cases referred to in points (a), (b) and (d) of Article II.15.2.1, the necessary conditions for resuming the implementation. The beneficiaries shall be invited to submit observations within 30 calendar days from receipt of this notification.

If, after examination of the observations submitted by the beneficiaries, the Agency decides to stop the suspension procedure, it shall formally notify all the beneficiaries thereof.

If no observations have been submitted or if, despite the observations submitted by the beneficiaries, the Agency decides to pursue the suspension procedure, it may suspend the implementation by formally notifying all the beneficiaries thereof, specifying the reasons for the suspension and, in the cases referred to in points (a), (b) and (d) of Article II.15.2.1, the definitive conditions for resuming the implementation or, in the case referred to in point (c) of Article II.15.2.1, the indicative date of completion of the necessary verification.

The suspension shall take effect five calendar days after the receipt of the notification by the beneficiaries or on a later date, where the notification so provides.

In order to resume the implementation, the beneficiaries shall endeavour to meet the notified conditions as soon as possible and shall inform the Agency of any progress made in this respect.

Unless the Agreement or the participation of a beneficiary is terminated in accordance with Articles II.16.1, II.16.2 or points (c), (i), (j), (k), or (o) of Article II.16.3.1, the Agency shall, as soon as it considers that the conditions for resuming the implementation have been met or the necessary verification, including on-the-spot checks, has been carried out, formally notify all the beneficiaries thereof and invite them to present a request for amendment of the Agreement as provided for in Article II.15.3.

II.15.3 Effects of the suspension

If the implementation of the action can be resumed and the Agreement is not terminated, an amendment to the Agreement shall be made in accordance with Article II.12 in order to establish the date on which the action shall be resumed, to extend the duration of the action and to make any other modifications that may be necessary to adapt the action to the new implementing conditions.

The suspension is deemed lifted with effect as from the date of resumption of the action agreed by the parties in accordance with the first subparagraph and set out in the amendment. Such a date may be before the date on which the amendment enters into force.

Any costs incurred by the beneficiaries, during the period of suspension, for the implementation of the suspended action or the suspended part thereof, shall not be reimbursed or covered by the grant.

The right of the Agency to suspend the implementation is without prejudice to its right to terminate the Agreement or the participation of a beneficiary in accordance with Article II.16.3 and its right to reduce the grant or recover amounts unduly paid in accordance with Articles II.25.4 and II.26.

Neither party shall be entitled to claim damages due to a suspension by the other party.

ARTICLE II.16 – TERMINATION OF THE AGREEMENT

II.16.1 Termination of the Agreement by the beneficiaries

In duly justified cases, the beneficiaries, acting jointly, or a beneficiary, acting on behalf of all beneficiaries, may terminate the Agreement by formally notifying the Agency thereof, stating clearly the reasons and specifying the date on which the termination shall take effect. The notification shall be sent before the termination is due to take effect.

If no reasons are given or if the Agency considers that the reasons exposed cannot justify the termination, it shall formally notify all the beneficiaries, specifying the grounds thereof, and the Agreement shall be deemed to have been terminated improperly, with the consequences

set out in the fourth subparagraph of Article II.16.4.1. The termination takes effect on the day specified in the formal notification.

II.16.2 Termination of the participation of one or more beneficiaries by the beneficiaries

Not applicable

II.16.3 Termination of the Agreement or the participation of one or more beneficiaries by the Agency

II.16.3.1 The Agency may decide to terminate the Agreement or the participation of any one or several beneficiaries participating in the action, in the following circumstances:

- (a) if a change to the beneficiary's legal, financial, technical, organisational or ownership situation is likely to affect the implementation of the Agreement substantially or calls into question the decision to award the grant;
- (b) not applicable;
- (c) if the beneficiaries do not implement the action as specified in Annex I or if a beneficiary fails to comply with another substantial obligation incumbent on it under the terms of the Agreement;

If, after examination of the observations submitted by the beneficiaries, the Agency decides to stop the procedure of payment suspension, the Agency shall formally notify all the beneficiaries thereof.

If no observations have been submitted or if, despite the observations submitted by the beneficiaries, the Agency decides to pursue the procedure of payment suspension, it may suspend payments by formally notifying all the beneficiaries thereof, specifying the reasons for the suspension and, in the cases referred to in points (a), (b) and (d) of Article II.24.5.1, the definitive conditions for resuming payments or, in the case referred to in point (c) of Article II.24.5.1, the indicative date of completion of the necessary verification.

The suspension of payments shall take effect on the date when the notification is sent by the Agency.

In order to resume payments, the beneficiaries shall endeavour to meet the notified conditions as soon as possible and shall inform the Agency of any progress made in this respect.

The Agency shall, as soon as it considers that the conditions for resuming payments have been met or the necessary verification, including on-the-spot checks, has been carried out, formally notify all the beneficiaries thereof.

During the period of suspension of payments and without prejudice to the right to suspend the implementation of the action in accordance with Article II.15.1 or to terminate the Agreement or the participation of a beneficiary in accordance with Article II.16.1 and Article II.16.2, the beneficiary or beneficiaries concerned by the suspension of payments are not entitled to submit any requests for payments.

The reference rate shall be the rate in force on the first day of the month in which the time limit for payment expires, as published in the C series of the *Official Journal of the European Union*.

The first subparagraph shall not apply to beneficiaries that are Member States of the Union, including regional and local government authorities and other public bodies acting in the name and on behalf of the Member State for the purpose of this Agreement.

The suspension of the time limit for payment in accordance with Article II.24.4 or of payment by the Agency in accordance with Article II.24.5 may not be considered as late payment.

Interest on late payment shall cover the period running from the day following the due date for payment, up to and including the date of actual payment as established in Article II.24.9. The interest payable shall not be considered for the purposes of determining the final amount of grant within the meaning of Article II.25.3.

By way of derogation from the first subparagraph, when the calculated interest is lower than or equal to EUR 200, it shall be paid to the beneficiary only upon request submitted within two months of receiving late payment.

Payments by the Agency shall be made in euro.

II.24.9 Date of payment

- (b) costs of transfer charged by the bank of a beneficiary shall be borne by the beneficiary;
- (c) all costs of repeated transfers caused by one of the parties shall be borne by the party

which caused the repetition of the transfer.

II.24.11 Payments to the beneficiaries

Not applicable.

ARTICLE II.25 – DETERMINING THE FINAL AMOUNT OF THE GRANT.

II.25.1 Calculation of the final amount

Without prejudice to Articles II.25.2, II.25.3 and II.25.4, the final amount of the grant shall be determined for each beneficiary as follows:

- (a) where, in accordance with Article 3, the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of the reimbursement of eligible costs, the amount obtained by application of the reimbursement rate(s) specified in that Article to the eligible costs approved by the Agency for the corresponding categories of costs and activities;
- (b) where, in accordance with Article 3, the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of a unit contribution, the amount obtained by multiplying the unit contribution specified in that Article by the actual number of units approved by the Agency;
- (c) where, in accordance with Article 3, the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of a lump sum contribution, the lump sum specified in that Article, subject to approval by the Agency of the proper implementation of the corresponding tasks or part of the action in accordance with Annex I;
- (d) where, in accordance with Article 3, the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of a flat-rate contribution, the amount obtained by applying the flat rate referred to in that Article to the eligible costs or to the contribution accepted by the Agency.

Where Article 3 provides for a combination of different forms of grant for the beneficiary, its affiliated entities or its implementing bodies, these amounts shall be added.

II.25.2 Maximum amount

The total amount paid by the Agency to a beneficiary may in no circumstances exceed the maximum amount of the grant for that beneficiary specified in Article 3.

Where the amount determined in accordance with Article II.25.1 for a beneficiary exceeds this maximum amount, the final amount of the grant for that beneficiary shall be limited to the maximum amount specified in Article 3.

II.25.3 No-profit rule and taking into account of receipts

Not applicable

II.25.4 Reduction for poor, partial or late implementation, or breach of contractual obligations

The Agency may reduce the maximum grant amount per beneficiary set out in Article 3 if the action is not implemented properly in accordance with Annex I (i.e. if it has not been implemented or has been implemented poorly, partially or late), or if a beneficiary fails to comply with any other obligations under this Agreement.

The amount of the reduction will be proportionate to the degree to which the action has been implemented improperly or to the seriousness of the breach.

Before the Agency reduces the grant, it must send a formal notification to the beneficiary concerned:

- (a) informing it of:
 - (i) its intention to reduce the maximum amount of the grant;
 - (ii) the amount by which it intends to reduce the grant;
 - (iii) the reasons for reduction;

- (b) inviting it to submit observations within 30 calendar days of receiving the formal notification.

If the Agency does not receive any observations or decides to pursue reduction despite the observations it has received, it will send a formal notification informing the beneficiary concerned of its decision.

If the grant is reduced, the Agency must calculate the reduced grant amount by deducting the amount of the reduction (calculated in proportion to the improper implementation of the action or to the seriousness of the breach of obligations) from the maximum amount of the grant.

The final amount of the grant will be the lower of the following two:

- (a) the amount determined in accordance with Article II.25.1, II.25.2 and II.25.3; or
- (b) the reduced grant amount determined in accordance with Article II.25.4.

ARTICLE II.26 – RECOVERY

II.26.1 Recovery at the time of payment of the balance

Where the payment of the balance for a beneficiary takes the form of a recovery, the Agency shall formally notify the beneficiary concerned of its intention to recover the amount unduly paid:

- (a) specifying the amount due and the reasons for recovery;
- (b) inviting the beneficiary concerned to make any observations within a specified period.

If no observations have been submitted or if, despite the observations submitted by the beneficiary concerned, the Agency decides to pursue the recovery procedure, the Agency may confirm recovery by formally notifying to the beneficiary concerned a debit note (“debit note”), specifying the terms and the date for payment.

If the beneficiary concerned does not repay the Agency by the date specified in the debit note, the Agency or the Commission shall recover the amount due from the beneficiary in accordance with Article II.26.3.

II.26.2 Recovery after payment of the balance

Where an amount is to be recovered in accordance with Articles II.27.6, II.27.7 and II.27.8, the beneficiary concerned by the audit or OLAF findings shall repay the Agency the amount in question.

Before recovery, the Agency shall formally notify the beneficiary concerned of its intention to recover the amount unduly paid:

- (a) specifying the amount due (including any amount unduly paid by the Agency as a contribution towards the costs incurred by its affiliated entities or its implementing bodies) and the reasons for recovery;
- (b) inviting the beneficiary concerned to make any observations within a specified period.

If no observations have been submitted or if, despite the observations submitted by the beneficiary concerned, the Agency decides to pursue the recovery procedure, the Agency may confirm recovery by formally notifying to the beneficiary concerned a debit note (“debit note”), specifying the terms and the date for payment.

If the beneficiary concerned does not repay the Agency by the date specified in the debit note, the Agency or the Commission shall recover the amount due from the beneficiary in

accordance with Article II.26.3.

II.26.3 Recovery procedure failing repayment by the date specified in the debit note

If payment has not been made by the date specified in the debit note, the Agency or the Commission shall recover the amount due:

- (a) by offsetting it against any amounts owed to the beneficiary concerned by the Commission or an executive agency (from the Union or the European Atomic Energy Community (Euratom) budget) (“offsetting”); in exceptional circumstances, justified by the necessity to safeguard the financial interests of the Union, the Agency may recover by offsetting before the due date; the beneficiary’s prior consent shall not be required; an action may be brought against such offsetting before the General Court of the European Union pursuant to Article 263 TFEU;
- (b) by drawing on the financial guarantee where provided for in accordance with Article 4.1 (“drawing on the financial guarantee”);
- (c) where provided for in the Special Conditions, by holding the beneficiaries jointly and severally liable;
- (d) by taking legal action in accordance with Article II.18.2 or with the Special Conditions or by adopting an enforceable decision in accordance with Article II.18.3.

II.26.4 Interest on late payment

If payment has not been made by the date set out in the debit note, the amount due shall bear interest at the rate established in Article II.24.7. Interest on late payment shall cover the period running from the day following the due date for payment, up to and including the date when the Agency or the Commission actually receives payment in full of the outstanding amount.

Any partial payment shall first be appropriated against charges and interest on late payment and then against the principal.

II.26.5 Bank charges

Bank charges incurred in connection with the recovery of the sums owed to the Agency shall be borne by the beneficiary concerned except where Directive 2007/64/EC of the European Parliament and of the Council of 13 November 2007 on payment services in the internal market amending Directives 97/7/EC, 2002/65/EC, 2005/60/EC and 2006/48/EC and repealing Directive 97/5/EC applies.

ARTICLE II.27 – CHECKS, AUDITS AND EVALUATION

II.27.1 Technical and financial checks, audits, interim and final evaluations

The Commission or the Agency may carry out technical and financial checks and audits to determine that the beneficiaries are implementing the action properly and are complying with the obligations under the Agreement. It may also check the statutory records of the beneficiaries for the purpose of periodic assessments of lump sum, unit cost or flat-rate amounts.

Information and documents provided in the framework of checks or audits shall be treated on a confidential basis.

In addition, the Commission or the Agency may carry out interim or final evaluation of the impact of the action measured against the objective of the Union programme concerned, in order to assess whether the objectives, including those relating to environmental protection, have been attained.

Checks, audits or evaluations made by the Commission or the Agency may be carried out either directly by its own staff or by any other outside body authorised to do so on its behalf.

Such checks, audits or evaluations may be initiated during the implementation of the Agreement and for a period of five years starting from the date of payment of the balance. This period shall be limited to three years if the maximum amount specified in Article 3 is not more than EUR 60 000.

The check, audit or evaluation procedure shall be deemed to be initiated on the date of receipt of the letter of the Commission or the Agency announcing it.

If the audit is carried out on an affiliated entity or implementing body, the beneficiary concerned must inform that affiliated entity or implementing body.

II.27.2 Duty to keep documents

The beneficiaries shall keep all original documents, especially accounting and tax records, stored on any appropriate medium, including digitalised originals when they are authorised by their respective national law and under the conditions laid down therein, for a period of five years starting from the date of payment of the balance.

This period shall be limited to three years if the maximum amount specified in Article 3 is not more than EUR 60 000.

The periods set out in the first and second subparagraphs shall be longer if there are on-going audits, appeals, litigation or pursuit of claims concerning the grant, including in the case referred to in Article II.27.7. In such cases, the beneficiaries shall keep the documents until such audits, appeals, litigation or pursuit of claims are closed.

II.27.3 Obligation to provide information

The beneficiaries shall provide any information, including information in electronic format, requested by the Commission or the Agency or by any other outside body authorised by it in

the framework of a check, audit or evaluation.

In case a beneficiary does not comply with the obligations set out in the first subparagraph, the Commission or the Agency may consider:

- (a) any cost insufficiently substantiated by information provided by the beneficiary as ineligible;
- (b) any unit, lump sum or flat-rate contribution insufficiently substantiated by information provided by the beneficiary as undue.

II.27.4 On-the-spot visits

During an on-the-spot visit, the beneficiaries shall allow Commission or Agency staff and outside personnel authorised by the Commission or the Agency to have access to the sites and premises where the action is or was carried out, and to all the necessary information, including information in electronic format.

They shall ensure that the information is readily available at the moment of the on-the-spot visit and that information requested is handed over in an appropriate form.

In case a beneficiary refuses to provide access to the sites, premises and information in accordance with the first and second subparagraphs, the Commission or the Agency may consider:

- (a) any cost insufficiently substantiated by information provided by the beneficiary as ineligible;
- (b) any unit, lump sum or flat-rate contribution insufficiently substantiated by information provided by the beneficiary as undue.

II.27.5 Contradictory audit procedure

On the basis of the findings made during the audit, a provisional report (“draft audit report”) shall be drawn up. It shall be sent by the Commission or the Agency or its authorised representative to the beneficiary concerned, which shall have 30 days from the date of receipt to submit observations. The final report (“final audit report”) shall be sent to the beneficiary concerned within 60 days of expiry of the time limit for submission of observations.

II.27.6 Effects of audit findings

On the basis of the final audit findings, the Commission or the Agency may take the measures which it considers necessary, including recovery at the time of payment of the balance or after payment of the balance of all or part of the payments made by it, in accordance with Article II.26.

In the case of final audit findings made after the payment of the balance, the amount to be

recovered shall correspond to the difference between the revised final amount of the grant for the beneficiary concerned, determined in accordance with Article II.25, and the total amount paid to the beneficiary concerned under the Agreement for the implementation of its activities.

II.27.7 Correction of systemic or recurrent errors, irregularities, fraud or breach of obligations

II.27.7.1 The Commission or the Agency may extend audit findings from other grants to this grant if:

- (a) the beneficiary is found, on the basis of an audit of other EU or Euratom grants awarded to it under similar conditions, to have committed systemic or recurrent errors, irregularities, fraud or breach of obligations that have a material impact on this grant; and
- (b) the final audit report containing the findings of the systemic or recurrent errors, irregularities, fraud or breach of obligations is formally received by the beneficiary, together with the list of grants affected by the findings, within the period referred to in Article II.27.1.

The extension of findings may lead to:

- (a) the rejection of costs as ineligible;
- (b) reduction of the grant as provided for in Article II.25.4;
- (c) recovery of undue amounts as provided for in Article II.26;
- (d) suspension of payments as provided for in Article II.24.5;
- (e) suspension of the action implementation as provided for in Article II.15.2;
- (f) termination as provided for in Article II.16.3.

II.27.7.2 The Commission or the Agency must send a formal notification to the beneficiary concerned informing it of the systemic or recurrent errors and of its intention to extend the audit findings, together with the list of grants affected.

- (a) If the findings concern eligibility of costs, the procedure is as follows:

The formal notification must include:

- (i) an invitation to submit observations on the list of grants affected by the findings;
- (ii) a request to submit revised financial statements for all grants

affected;

- (iii) where possible, the correction rate for extrapolation established by the Commission or the Agency to calculate the amounts to be rejected on the basis of the systemic or recurrent errors, irregularities, fraud or breach of obligations, if the beneficiary concerned:
 - considers that the submission of revised financial statements is not possible or practicable; or
 - will not submit revised financial statements.

The beneficiary concerned has 60 calendar days from when it receives the formal notification to submit observations and revised financial statements or to propose a duly substantiated alternative correction method. This period may be extended by the Commission or the Agency in justified cases.

If the beneficiary concerned submits revised financial statements that take account of the findings, the Commission or the Agency will determine the amount to be corrected on the basis of those revised statements.

If the beneficiary proposes an alternative correction method and the Commission or the Agency accepts it, the Commission or the Agency must send a formal notification to the beneficiary concerned informing it:

- (i) that it accepts the alternative method;
- (ii) of the revised eligible costs determined by applying this method.

Otherwise the Commission or the Agency must send a formal notification to the beneficiary concerned informing it:

- (i) that it does not accept the observations or the alternative method proposed;
- (ii) of the revised eligible costs determined by applying the extrapolation method initially notified to the beneficiary.

In the case of systemic or recurrent errors, irregularities, fraud or breach of obligations found after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant for the beneficiary concerned, determined in accordance with Article II.25 on the basis of the revised eligible costs declared by the beneficiary and approved by the Commission or the Agency or on the basis of the revised eligible costs after extrapolation, and the total amount paid to the beneficiary concerned under the Agreement for the implementation of its activities;

- (b) If the findings concern improper implementation or a breach of another obligation (i.e. where ineligible costs cannot serve as a basis for determining the amount to be corrected), the procedure is as follows:

The Commission or the Agency shall formally notify the beneficiary concerned of the correction flat rate to be applied to the maximum amount of the grant specified in Article 3 or to part of it, according to the principle of proportionality, and invite the beneficiary to submit observations on the list of grants affected by the findings.

The beneficiary concerned shall have 60 days from the date of receipt of the notification to submit observations and to propose a duly substantiated alternative flat rate.

If the Commission or the Agency accepts the alternative flat rate proposed by the beneficiary, it shall formally notify the beneficiary concerned thereof and correct the grant amount by applying the accepted alternative flat rate.

If no observations have been submitted or if the Commission or the Agency does not accept the observations or the alternative flat rate proposed by the beneficiary, the Commission or the Agency shall formally notify the beneficiary concerned thereof and correct the grant amount by applying the flat rate initially notified to the beneficiary.

In the case of systemic or recurrent errors, irregularities, fraud or breach of obligations found after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant for the beneficiary concerned after flat-rate correction and the total amount paid to the beneficiary concerned under the Agreement for the implementation of its activities.

II.27.8 Checks and inspections by OLAF

The European Anti-Fraud Office (OLAF) shall have the same rights as the Commission and the Agency, notably right of access, for the purpose of checks and investigations.

By virtue of Council Regulation (Euratom, EC) No 2185/96⁶ of 11 November 1996 concerning on-the-spot checks and inspections carried out by the Commission in order to protect the European Communities' financial interests against fraud and other irregularities

⁶ OJ L 292, 15.11.1996, p.2

and Regulation (EU, Euratom) No 883/2013⁷ of the European Parliament and the Council of 11 September 2013 concerning investigations conducted by the European Anti-Fraud Office (OLAF), OLAF may also carry out on-the-spot checks and inspections in accordance with the procedures laid down by Union law for the protection of the financial interests of the Union against fraud and other irregularities.

Where appropriate, OLAF findings may lead to recovery by the Agency. They may also lead to criminal prosecution under national law.

II.27.9 Checks and audits by the European Court of Auditors

The European Court of Auditors shall have the same rights as the Agency and the Commission, notably right of access, for the purpose of checks and audits.

In this difficult situation, we would like to support you in implementing the voucher.

The European Commission has decided to grant an extension of the installation time to WiFi4EU beneficiaries of Call 1, 2 and 3 in order to allow every concerned municipality to complete their projects. The initial 18-month implementation period granted to finalize and declare the installation and operation of the WiFi4EU network is extended by an additional 8 month period.

In these exceptional circumstances, we trust this measure will help complete the WiFi4EU networks in progress, which will benefit local communities and citizens across Europe.

We send all municipalities and their citizens our support in this difficult situation.

CLAUZE OBLIGATORII

4. Obiectul principal al contractului

4.1 - Prestatorul se obligă să presteze "Servicii de furnizare echipamente și instalare puncte de acces WiFi pentru conectarea la internet a comunității, cod CPV – 32412110-8", în cadrul proiectului "WiFi4EU" inițiat și finanțat de Uniunea Europeană prin intermediul "Innovation and Networks Executive Agency" conform caietului de sarcini și **Acordului de Grant nr. INEA/CEF/WiFi4EU / 1-2018/007134 – 009609**, cu respectarea cerințelor tehnice din anexa I la acordul de grant, anexe ale acestui contract.

4.2 - Achizitorul se obligă să plătească prețul convenit în prezentul contract pentru serviciile prestate.

5. Prețul contractului

5.1 Prețul convenit pentru îndeplinirea contractului, platibil prestatorului de către achizitor, este de 71.700 lei cu TVA (60.252,1 lei fără TVA), echivalentul a 15.000 de euro, valoare corespunzătoare voucher-ului câștigat prin acest Grant (la cursul BNR din data de 16.01.2020: 1 euro = 4,7795 ron).

5.2. Plata prețului se va face de către Comisia Europeană, conform mecanismului de plată prevăzut de acordul de grant încheiat între achizitor, în calitate de beneficiar, pe de o parte, și Agenția Executivă pentru Inovare și rețele (INEA) acționând în numele Comisiei Europene, în calitate de finanțator, pe de altă parte.

5.3. (1) Achizitorul și prestatorul se obligă să facă demersurile care le revin pentru efectuarea plății de către Comisia Europeană prin INEA la termenele și în condițiile prevăzute în acordul de grant. Conform mecanismului de plată prevăzut în acordul de grant, se consideră că cererea de plată este primită de către INEA în momentul în care au fost depuse declarațiile următoare:

a) Declarația din partea prestatorului în portalul WiFi4EU care să ateste că instalarea rețelei (rețelelor) WiFi4EU s-a finalizat în conformitate cu anexa I la acordul de grant și funcționează. Declarația include pentru fiecare rețea WiFi4EU următoarele informații obligatorii:

- denumirea rețelei WiFi4EU;
- numele domeniului.

Mai mult, pentru fiecare rețea WiFi4EU, prestatorul pune la dispoziție o listă completă a punctelor de acces instalate. Pentru fiecare punct de acces, se furnizează următoarele informații obligatorii:

- Tipul de locație. În portalul WiFi4EU va exista o listă verticală.
- Numele locației
- Geolocalizarea punctului de acces
- Tipul de echipament: interior sau exterior
- Marca dispozitivului
- Modelul de dispozitiv
- Numărul de serie al dispozitivului
- Adresa MAC (Media Access Control)

b) Declarația din partea achizitorului (beneficiarul finanțării) în portalul WiFi4EU care să ateste că rețeaua (rețelele) WiFi4EU este (sunt) conformă (conforme) cu anexa I la acordul de grant și că funcționează.

(2) După primirea declarațiilor și a informațiilor suplimentare menționate la articolul 5.3.1, de mai sus, INEA dispune de maximum 60 de zile pentru a verifica dacă rețeaua (rețelele) WiFi4EU funcționează și pentru a efectua plata soldului (prețului) către prestator, în contul bancar furnizat pe portalul WiFi4EU de prestator.

(3) Plata de către INEA se efectuează numai în cazul în care sunt îndeplinite următoarele condiții:

- i) cel puțin 10 utilizatori s-au conectat în fiecare rețea WiFi4EU;

ii) identitatea vizuală a WiFi4EU este afișată în mod corespunzător pe portalul captiv.

(4) Atunci când sunt îndeplinite condițiile de la paragraful (3) de mai sus, achizitorul primește o notificare de confirmare, iar INEA efectuează plata către prestator. Condițiile de plată menționate mai sus nu afectează dreptul INEA de a verifica dacă instalațiile Wi-Fi sunt conforme cu specificațiile tehnice din anexa I la acordul de grant prin audituri ex post.

5.4. În cazul în care, din motive neimputabile prestatorului, prețul contractului nu este plătit de Comisia Europeană prin INEA (inclusiv în cazul în care condițiile prevăzute la 5.3 (3) de mai sus), achizitorul va achita prețul convenit pentru îndeplinirea contractului, în lei, la cursul de schimb al BNR aplicabil la data emiterii facturii de către prestator, în termen de 30 de zile de la data la care primește un refuz de plată din partea INEA ori, după caz, de la data la care a expirat termenul de 60 de zile de plată de către INEA, oricare dintre aceste evenimente are loc mai întâi.

6. Durata contractului

6.1 –Prezentul contract produce efecte incepand de la data semnarii lui de către ambele părți și până la îndeplinirea de către părți a obligațiilor asumate.

6.2 – Durata de implementare și finalizare a instalării rețelei WIFI este de maxim 60 de zile de la data primirii de catre prestator a ordinului de începere a prestării serviciului, ordin emis de achizitor.

7. Executarea contractului

7.1 – Executarea contractului incepe la data semnarii lui de către ambele părți.

8. Documentele contractului

8.1 - Documentele contractului sunt:

- a) acordul de grant prin mecanismul pentru interconectarea Europei (MIE) WiFi4EU nr. INEA/CEF/WiFi4EU / 1-2018/007134 – 009609 încheiat între achizitor, în calitate de beneficiar, și Agenția Executivă pentru Inovare și rețele (INEA) acționând în numele Comisiei Europene;
- b) caietul de sarcini;
- c) oferta;

9. Obligațiile principale ale părților

A. Obligațiile principale ale prestatorului

9.1- Prestatorul se obliga sa presteze serviciile la standardele si/sau performantele prezentate, in conformitate cu legislatia care guverneaza domeniul achizitiilor publice.

9.2- Cerințe privind configurarea și conectarea rețelei (rețelelor) WiFi4EU la soluția CE de monitorizare:

(1)Punctele de acces finanțate cu voucher WiFi4EU difuzează exclusiv SSID-ul WiFi4EU si obligatiile prevăzute la Punctul I.4 (acordul de grant) se acorda in totalitate.

(2) Rețeaua WiFi4EU cu SSID-ul WiFi4EU este o rețea deschisă, în sensul că pentru conectare nu se solicită niciun fel de informații de autentificare (precum utilizarea unei parole). Odată ce utilizatorul este conectat la rețea, rețeaua WiFi4EU cu SSID-ul WiFi4EU afișează un portal captiv https înainte de a autoriza utilizatorul să se conecteze la internet.

(3) Cu excepția cazului în care această cerință este prevăzută în legislația națională în conformitate cu dreptul Uniunii, conectarea la internet prin intermediul SSID-ului WiFi4EU nu necesită nicio înregistrare sau autentificare pe portalul captiv și se realizează printr-un buton de conectare cu un singur click („one-click to connect”) de pe portalul captiv.

(4) Beneficiarul poate difuza un SSID suplimentar pentru conexiuni securizate în mod corespunzător, astfel cum se menționează la punctul I.5.2, de la începutul fazei I și sub responsabilitatea sa. Beneficiarul poate difuza, de asemenea, un SSID suplimentar, cu condiția ca acesta să se limiteze la uzul intern al beneficiarului și să nu afecteze în mod necorespunzător calitatea serviciilor oferite publicului. În ambele cazuri, beneficiarul diferențiază în mod corespunzător SSID-ul respectiv de SSID-ul WiFi4EU deschis și se asigură că obligațiile stipulate la punctele I.3 și I.4 se aplică în totalitate.

Pentru punctele de acces care nu sunt finanțate cu un cupon valoric WiFi4EU, beneficiarul poate difuza și SSID-ul WiFi4EU (ca SSID unic sau în paralel cu SSID-ul local existent). Beneficiarul se asigură că obligațiile prevăzute la punctele I.3, I.4 și la prezentul punct I.5 se aplică pe deplin cel puțin pentru utilizatorii finali care se conectează la SSID-ul WiFi4EU.

(5) Conectarea la soluția CE de monitorizare este implementată printr-o abordare în două faze:

5.1 Faza I

Înregistrarea, autentificarea, autorizarea și contabilizarea utilizatorilor sunt responsabilitatea achizitorului conform legislației naționale și legislației UE.

Prestatorul asigură îndeplinirea următoarelor cerințe pentru portalul captiv al SSID-ului WiFi4EU:

În ceea ce privește interfața cu utilizatorii, rețeaua WiFi4EU cu SSID-ul WiFi4EU trebuie să utilizeze un portal captiv HTTPS.

Pentru a nu reapărea la fiecare reconectare, portalul captiv stabilește o perioadă de recunoaștere automată a utilizatorilor conectați anterior. Această perioadă este resetată automat în fiecare zi la ora 00.00 sau, ca cerință minimă, este setată la maximum 12 ore.

Numele de domeniu asociat portalului captiv HTTPS trebuie să fie clasic (non-IDN) și să fie compus din caractere de la „a” la „z”, cifre de la 0 la 9 și cratime (-).

Identitatea vizuală: portalul captiv trebuie să includă identitatea vizuală WiFi4EU.

Portalul captiv trebuie să încorporeze un fragment de cod de urmărire (tracking snippet), pentru ca INEA să poată monitoriza de la distanță rețeaua WiFi4EU.

Ghidul de instalare a fragmentului de cod de urmărire este disponibil la următorul link: <https://ec.europa.eu/inea/en/connecting-europe-facility/ceftelecom/wifi4eu>. Fragmentul de cod de urmărire nu va colecta niciun fel de date cu caracter personal. El va fi utilizat pentru calcularea numărului de utilizatori care se conectează la rețeaua WiFi4EU, pentru încărcarea identității vizuale a WiFi4EU și pentru verificarea faptului că aceasta este afișată în mod corespunzător.

Portalul captiv include o declarație de declinare a responsabilității care informează în mod clar utilizatorii că WiFi4EU este o rețea publică deschisă. Declarația ar trebui să includă și recomandările în scop de precauție care sunt de obicei oferite atunci când se accesează internetul prin astfel de rețele.

Faza I este aplicabilă până în momentul în care achizitorul primește o notificare prin care este informat că faza II a fost activată. După ce a fost notificat, achizitorul va avea obligația în temeiul articolului 9 din acordul de grant de a ajusta configurația rețelei în conformitate cu cerințele prevăzute la punctul I.5 din acordul de grant, astfel cum se precizează în detaliu în notificare, în intervalul de timp prevăzut în notificare. Achizitorul va avea obligația de a notifica prestatorul cu privire la notificarea primită.

5.2 Faza II

Într-o etapă ulterioară, se va crea o soluție de autentificare și monitorizare securizată la nivelul UE, care va putea evolua cu timpul într-o arhitectură federată. În conformitate cu articolul 9 al acordului de grant, de îndată ce soluția de autentificare și monitorizare securizată va fi operațională, prestatorul trebuie să reconfigureze rețeaua (rețelele) WiFi4EU astfel încât să o (le) conecteze la această soluție. Reconfigurarea va include menținerea SSID-ului WiFi4EU deschis utilizând portalul captiv, adăugarea unui SSID WiFi4EU suplimentar pentru conexiuni securizate în mod corespunzător (fie prin înlocuirea sistemului local existent securizat cu sistemul comun, fie pur și simplu prin adăugarea sistemului comun ca al treilea SSID) și asigurarea faptului că soluția poate monitoriza rețelele WiFi4EU la nivelul punctului de acces.

9.3 Cerințe tehnice pentru echipamentul WiFi al rețelei (rețelelor) WiFi4EU

(1) Numarul de PA-uri exterioare va fi de 10 si se vor instala in Parcul Civic din Municipiul Timisoara.

Beneficiarul se asigură că **fiecare PA**:

este compatibil cu utilizarea simultană în bandă duală (2,4Ghz – 5Ghz);

are un ciclu de sprijin de peste 5 ani;

- are un timp mediu de funcționare între defecțiuni (*mean time between failure*, MTBF) de cel puțin 5 ani;
- are un punct de gestionare unic specific și centralizat cel puțin pentru toate PA-urile fiecărei rețele WiFi4EU;
- este compatibil cu IEEE 802.1x;
- este conform cu IEEE 802.11ac Wave I;
- este compatibil cu IEEE 802.11r;
- este compatibil cu IEEE 802.11k;
- este compatibil cu IEEE 802.11v;
- este capabil să gestioneze simultan cel puțin 50 de utilizatori, fără degradarea performanțelor;
- are o capacitate MIMO de cel puțin 2x2;
- este conform cu Hotspot 2.0 (programul de certificare al Passpoint Wi-Fi Alliance).

a. Obligațiile principale ale achizitorului

9.4. Achizitorul se obligă să recepționeze serviciile prestate de prestator la termenele agreeate conform prezentului contract.

9.5. Achizitorul se obligă să își îndeplinească toate obligațiile ce îi revin conform acordului de grant și prezentului contract pentru ca INEA să poată să efectueze plata prețului contractului, iar în cazul în care din orice motiv neimputabil prestatorului INEA nu efectuează plata în termenul de 60 de zile, achizitorul se obligă să efectueze plata prețului contractului din resurse proprii (bugetul propriu).

9.6. Achizitorul se obligă să își îndeplinească toate celelalte obligații ce îi revin conform acordului de grant pentru a asigura funcționarea rețelei de furnizare WIFI implementată conform prezentului contract, la parametri și în condițiile prevăzute în acordul de grant.
